

# PHYSICAL GOLD

SECURE YOUR WEALTH AND FUTURE

## Pension Gold

Add gold to your SIPP for a secure,  
tax-efficient future.

# Planning for your retirement can sometimes be complicated. How do you invest, when and in what?

## Why should you add gold to your pension? Can it help achieve a wealthier, more prosperous retirement?

At Physical Gold, we specialise in making it incredibly easy to invest in real, solid, tax-efficient gold as part of your Self Invested Personal Pension (SIPP).

Gold, as part of your pension, offers many benefits:

### TAX RELIEF – UP TO 45%

Pension gold receives the same tax relief as any other pension asset. For top rate taxpayers, this currently means a whopping 45% off the price of gold, when added to your SIPP. There's also no CGT to pay on any capital gains made on a gold bullion SIPP.

### STABILITY AND SECURITY IN VOLATILE TIMES

Gold has historically provided security in volatile times. Adding gold to your SIPP provides balance to any riskier investments, especially in times of market trouble. And it can provide a good return too. As a long-term investment, gold bullion is the perfect addition to a balanced pension.

### FLEXIBLE LIQUIDITY

As you can buy (or sell) single gold bars, it means it's incredibly easy to reduce or increase your holdings at short notice. So, if at any time you need to liquidate any of your holding, gold bars are quick and easy to transfer.

### PHYSICALLY SAFE AND SECURE

Your pension gold is stored in one of the UK's leading metals depositories and fully insured through Lloyds of London. It's held separately from everyone else's gold, protecting it from outside risks.

# “As a long-term investment, gold bullion is the perfect ingredient for a balanced pension.”

TOP TIP: IT'S A GOOD IDEA TO INVEST IN BOTH SILVER AND GOLD

# Gold should be simple. We make sure that it is.

## We turn this...

“Including commodities in the opportunity set resulted in a superior historical efficient frontier, which included large allocations to commodities.”

## Into this...

“When you include gold as part of your savings, you can be confident they’re working harder for you!”

## We turn this...

“Over the common standard deviation range, the average improvement in historical returns at each of the risk levels was approximately 133 basis points.”

## Into this...

“Gold’s historical performance provides reassurance that you’re saving for a safer, wealthier retirement for you and your family.”

## What to do next

Physical Gold is a leading UK precious metals dealer.

We’re committed to helping new, and experienced, investors access tax-efficient opportunities like

**pension gold** and other innovative investment solutions.

Just tell us how much you want to invest and we’ll work with you to purchase the right gold for you, store

it and sell it when you’re ready. If you currently don’t have a SIPP, we can help you set one up.

Whichever stage you’re at, we’re here to help.
