

PHYSICAL GOLD

SECURE YOUR WEALTH AND FUTURE

Tax-Free Gold

Make your future safe, secure
and tax-free.

You've probably heard that gold offers balance & portfolio protection, but did you know about its other benefits?

How does it help to grow your wealth?

How do you go about investing? How do you know which type to buy and how do you buy it?

At Physical Gold, we specialise in making it incredibly easy to invest in real, solid, tax-efficient gold. Our **Gold Coins** are available to everyone and are recommended for many reasons:

VAT EXEMPT

All purchases of investment grade physical gold, in the UK, are VAT exempt - a significant saving with VAT currently at 20%.

NO CAPITAL GAINS TAX

If you invest in certain gold coins (don't worry - we'll help you) there's no Capital Gains Tax to pay. With CGT ranging from 18% to 28%, this is another significant saving for savvy investors.

BALANCE

Gold has always provided security. If you have an ISA, for example, it's likely to be partially invested in stocks and shares. Gold provides a balance to these and offers a foundation to build your life savings on. Owning tax-efficient gold coins can reduce your overall risk of loss, if stocks underperform.

SAFE AND SECURE

All our gold has undergone diligent checks by our team of experts, to pass authenticity and quality controls, meaning you own the best quality gold on the market.

LIQUID AND FLEXIBLE

Easy to sell when you are ready... and take advantage of the fantastic tax benefits. Gold is commonly compared to the security of bricks and mortar. Whilst selling a house may cause cash flow issues (as the chain completes), gold coins are as liquid as cash - especially with our 'Buyback Guarantee'.

“Owning tax-efficient gold coins reduces the overall risk of loss.”

TOP TIP: IT'S A GOOD IDEA TO INVEST IN BOTH SILVER AND GOLD

Gold should be simple. We make sure that it is.

We turn this...

“Including commodities in the opportunity set resulted in a superior historical efficient frontier, which included large allocations to commodities.”

Into this...

“When you include gold as part of your savings, you can be confident they’re working harder for you!”

We turn this...

“Over the common standard deviation range, the average improvement in historical returns at each of the risk levels was approximately 133 basis points.”

Into this...

“Gold’s historical performance provides reassurance that you’re saving for a safer, wealthier retirement - or whatever else it is that you’re looking forward to.”

What to do next

Physical Gold is a leading UK precious metals dealer.

We’re committed to helping new and experienced investors access opportunities like **tax-free gold**

and other innovative investment solutions.

Just tell us how much you want to invest and we’ll work with you to purchase the right gold for you,

store it and sell it when you’re ready.

Alternatively you can buy now by visiting our new online shop www.physicalgold.com/shop.
