

PHYSICAL GOLD

SECURE YOUR WEALTH AND FUTURE

VAT-Free Silver

.....
An affordable way to save for a safe,
tax-efficient future.

You've probably heard that gold is a safe investment and offers portfolio protection, but have you heard about the benefits of silver?

How does it help to grow your wealth? How do you go about investing? How do you know which type to buy and how do you buy it?

At Physical Gold, we specialise in making it incredibly easy to invest in both silver and gold. Our **VAT-free silver**, for example, is recommended for several reasons...

UK VAT FREE

Our silver bars are stored for you in the Channel Islands and fall outside of UK tax. With large bars, it's possible to obtain tight margins on your silver whilst still being tax efficient. For those wishing to take delivery to their home, our silver coins are uniquely sourced, meaning UK VAT doesn't apply due to EU tax laws

A PERFECT PARTNER TO GOLD

Whilst silver boasts many of the tax-efficient benefits of gold, as a way to protect your wealth (but at a lower price), it also has the potential for greater returns than gold, making

gold & silver the perfect portfolio companions!

SAFE AND SECURE

All our silver has undergone diligent checks by our team of experts, to pass authenticity and quality controls, meaning you own the best quality silver on the market. Our VAT free bars are held in your own personal account at our specialist facility in the Channel Islands. This means it's entirely separate and protected from all other silver. VAT free coins are posted to your door using insured, recorded delivery.

BENEFIT FROM THE TECHNOLOGICAL BOOM

Silver is used in most new technologies, due to its unrivalled ability to conduct electricity. Industrial demand for silver increases

with each new technology, therefore pushing up the price.

ADDED DIVERSIFICATION

Diversification is often a key objective of many investors. By splitting your precious metal holdings between gold and silver, you further diversify your wealth, providing more protection for the future.

MANAGEABLE AND TIMELY

With silver prices currently at very affordable levels and the remaining silver supply being stretched, silver is a fantastic opportunity to save for your future.

“silver is a fantastic opportunity to save for your future.”

TOP TIP: IT'S A GOOD IDEA TO INVEST IN BOTH SILVER AND GOLD

Silver should be simple. We make sure it is.

We turn this...

“Including commodities in the opportunity set resulted in a superior historical efficient frontier, which included large allocations to commodities.”

Into this...

“When you include silver as part of your savings, you can be confident they’re working harder for you!”

We turn this...

“Over the common standard deviation range, the average improvement in historical returns at each of the risk levels was approximately 133 basis points.”

Into this...

“Silver’s historical performance provides reassurance that you’re saving for a safer, wealthier retirement - or whatever else it is that you’re looking forward to.”

What to do next

Physical Gold is a leading UK precious metals dealer.

We’re committed to helping new and experienced investors access opportunities like **VAT-free silver**

and other innovative investment solutions.

Just tell us how much you want to invest and we’ll work with you to purchase the right metals for you,

store them and sell when you’re ready.

Alternatively you can buy now by visiting our new online shop www.physicalgold.com/shop.
